

Capital Cranes®

"Lifting Solutions Elevate Success"

About us

Capital Cranes® is your dedicated partner for premium industrial cranes and material handling solutions. Built on a foundation of exceptional sales and unwavering service, we deliver innovative equipment tailored to your unique needs. Our commitment to uncompromising quality and precision ensures reliable and efficient operation, consistently exceeding industry benchmarks.

From groundbreaking to project completion, we share our deep experience to ensure your success, providing precisely matched crane systems and exceptional responsiveness powered by sophisticated automation.

Our comprehensive support includes after sales service, breakdown assistance, crane upgradation, and much more. Unlock new potential with our expert modernization services, enhancing safety, productivity, and the lifespan of your equipment.

Our Expertise

- EOT Crane
- Gantry Crane
- Semi-Gantry Crane
- Under Slung Crane
- Jib Crane
- Curved Monorail
- Light Crane System (LCS)
- Chain Hoist
- Wire Rope Hoist

"Tailored Lifting Solutions for every need"

Capital Hoist

From robust and reliable equipment to expert service and modernization, we provide everything you need to elevate your operations safely and efficiently.

Hoist Range: Upto 12.5t SG Hoist
Upto 100t DG Hoist

Design : Our compact design meets European type standards and easy to maintain.

Gear Box : Engineered with a European-type compact design, optimized for oil lubrication to ensure high efficiency and extended operational longevity.

Motor : Energy efficient brake motor with Crane duty cycle.

Safety Features : DC disc brakes, Up & lower limit switch, Over load limit, Thermal protection, Low voltage control, Emergency stop button.

VFD Drive : Dual Speed, Smooth & Efficient Operation

Wire Rope : 6 x 36 Construction with 1960 N/mm² Tensile Strength

Rope Guide : Cast Iron rope Guide for Smooth Operation

Rope Drum : High-Quality Seamless Pipe

Wheels : Forged steel with anti-friction bearing for Strength & Reliability

Hook : High Tensile Forged Steel, 360° Rotation with Safety latch.
